the holy spirit the feminine nature of god by patricia taylor this book presents the evidence that god is both male and female no god does not have a gender because he does not have a physical body but he clearly reflects masculine and feminine qualities in his nature in the old testament the god of the jews christians and muslims is presented as jehovah lord and also shekhinah holy spirit jehovah god calls himself father and carries out that role

through provision protection and discipline the shekhinah glory of god permeated the earth and interacted with god's people she was often portrayed as a loving nurturing mother the words used for the holy spirit were originally feminine but with translations into other languages the pronouns describing her were changed to masculine forms whether deliberate or not over time this quality of the nature of god was lost and these three religions developed into patriarchal systems that suppressed the importance of feminine input into not only religious systems but also society as a whole many writers and theologians down through history have recognized this fact but it is denied or overlooked by mainstream religions today early church fathers including clement philo and jerome prominent medieval church leaders anselm of canterbury bernard of clairvoux st birgitta of sweden and many others and more modern day leaders martin luther oswald chambers albert einstein and carl jung have all supported the truth of the feminine nature of god though these people are held in high regard by many this aspect of their reasoning is completely ignored why is this subject not taken seriously a w tozer said it is impossible to have sound moral practices and right attitudes without a clear view of who god is billy graham said the next step in the growth of the church is to better understand the nature and work of the holy spirit in our lives there are many small voices who are promoting this truth of god but they are not being heard by the average person it is time to shout this truth to the world and watch how it can transform the position of women and bring balance and health to hurting families and societies whether you are a christian jew muslim or atheist this information is important to you personally because religious views have and still do establish our value systems and political issues at a national level read the full story and documentation of this important issue in the holy spirit the feminine nature of god order now from iuniverse.com or amazon.com send comments for patricia taylor to holy spirit hotmail.com

understanding the existence of god is the third in the trilogy of understanding books by dr john weekes the first in the series was understanding the doctrine of the trinity 1998 followed by understanding forgiveness 2002 with the existence of god the trilogy is complete and it is the hope that these three books will do much to shed light on the often dark corridors of doubt controversy and misunderstanding with regard to god's existence the trinity is one of those areas of theology which has driven deep and lasting division within the heart of the body of christ it is a field that defies enlightenment save by those in whose heart and over whose understanding the holy spirit reigns for

the things of the spirit must be spiritually discerned forgiveness on the other hand is at the very heart of pure religion since it is that which illuminates christians as truly the children of god in understanding the existence of god the author has drawn on many reservoirs and lifted water from many streams but the ultimate authority for his thesis is god's infallible word the method used is in essence adversarial and critical written in a simple everyday matter of fact common sense style in so far as the case for god has been put it is submitted that it has been established with absolute certainty supported not only by words spoken with the very breath of god himself but by a cloud of impeccable and unimpeachable witnesses

these books are written to all who are in search for the almighty god whom we do not know or see but whom we have rather heard about from our fathers and forefathers and read about in our religious textbooks yet it is impossible to believe and love god if we do not know him we can hardly know ourselves and the mystery keeps getting bigger who is this god is he the same one to all and if he is why all the confusion and misunderstandings did he really create us for suffering on purpose and if not what is the origin of it all

the song of god is a new book of holy scripture for a new and modern age as revealed to azrael ondi ahman by the heavenly mother and heavenly father of all mankind it begins with the proposition that the only appropriate religion for mankind is humanity itself for it is from this humanity that god first evolved written over a period of 28 years and at great personal sacrifice the song of god proposes a radical theology revolutionary in its depth and scope it is the foundation upon which the true gnostic church of the modern era has been restored

this book is intended for those who feel hopeless during their times of struggles because had it not been for god on the authors side where would she be thus it is an urgent call to those who do not know christ to repent accept christ and trust that god knows the plans he has for you in this book there will be subjects exploring an understanding of who god is the names of god depicting his attributes and how those names relate to gods glory and honor along with why believers should give all glory and honor to god not in word only but by their deeds as well to demonstrate honor and glory to god is when one recognized that god alone is the only wise god to whom all reverence belongs as he is immutable unchangeable and eternal glory and honor should be given to jesus christ the redeemer and mediator of the sins of the world thus the author renders a testimony of who god is to her

and how personally knowing christ has affected her journey one shows reference of gods glory by honoring and acknowledging those who are elderly parents and those who are given authority to watch over the souls of humanity what does it mean to make sacrifices as glory and honor to god the book will further detail who the devil is and how he is at odds with the work of god christ and human beings mankind created in gods image brings glory and honor to god thus god grants promises which are derived from giving glory and honor to god as revealed by sending the holy spirit to empower all humanity to live holy unto christ
